Albania: Flooding - Overview of North West Albania and Approximate AOI (as of 10 Jan 2010)

Map shows the main hydro electric dams in the north west of the country, the main waterways and the urban extents. The map extends to Tirane as this is the capital and main operations centre at present.

Data sources:
- Bartholomews - Lakes
- Navteq - Main Rivers, Main Highways
- NGA - Settlements
- GAUL - Admin Boundaries
- SRTM - Elevation
- GE - Location Information
- CIESIN - Urban Extents

Legend:
- \[\text{Hydro Electric Dams}\]
- \[\text{Capital - Tirane}\]
