Canouan Government School

Old School Plant
The damage has resulted in no running water at this facility. The roof of this facility has been repaired and it is currently being used as a hurricane shelter.

New School Plant – Secondary School
Extensive damage to the roof of the school.

Union Island Secondary School

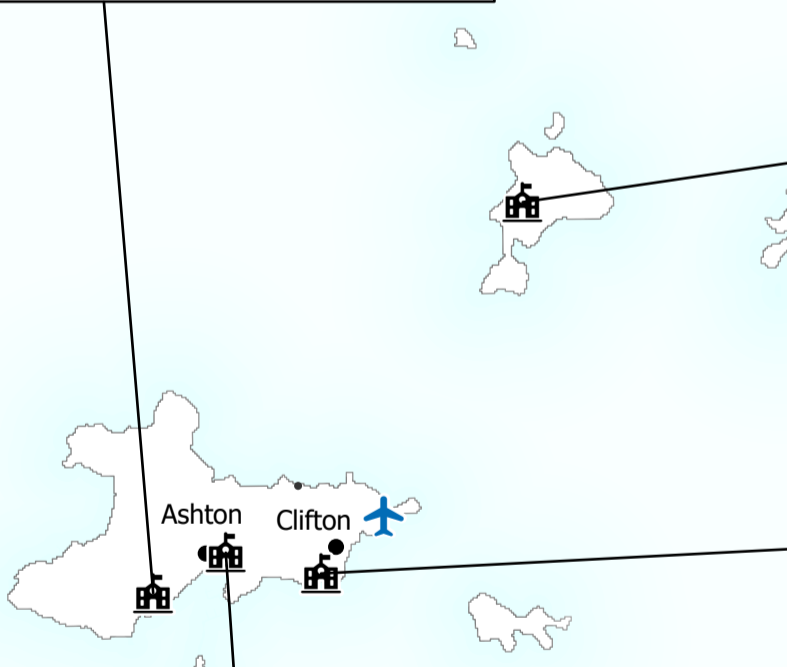

Damage is significant. Louvres out, roof off. Furniture damaged. The entire roof will have to be examined to ensure other areas are not compromised.

Mayreau Government School

Collapse of the wooden building that housed the principal's office and the Grade 5 class. Loss of bathroom and kitchen doors.

Stephanie Browne Primary School

There is substantial damage to the building, particularly the roofing structures.

Mary Hutchinson Primary School

Destruction of the building that is now collapsed. One building housing classrooms was destroyed. Other buildings are seriously damaged with galvalume partially dislodged. Some areas without roofing. A steel tower fell on one part of the building.
